DUCTLEZZ CEILING MOUNTED VENTILATING FAN

**Ceiling Mounted Ventilating Fan**

**DUCTLEZZ series**

- Ceiling mounted ductless application.
- High air volume.
- Low sound level
- Light weight

## Introduction

**DUCTLEZZ SERIES** is constructed with plastic grille similar to air conditioning diffuser which can harmonize with all types of interior decoration.

Its high efficiency motor coupled with powerful propeller fan make it the ideal choice for applications in office, restaurant, store, amusement center etc.

### Housing

Constructed with ABS plastic.

Light Weight

### Impellers

Propeller fan blades

### Motor

High efficiency condenser motor.

Totally enclosed permanently lubricated bearing

Class E insulation.

Built-in thermal protection device.
